Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **CDPH Statewide Travel Advisory**

As of 06/15/21, CDPH and the CDC recommend delaying travel until persons are fully vaccinated. For more information: [CDC Travel Guidelines](#)

FIRE ACTIVITY

Cal OES INLAND REGION (Continued)

Tamarack, Vegetation Fire, Alpine County (Continued)

Proclamations

- On 07/17/21, Alpine County proclaimed a local emergency for the Tamarack Fire. Alpine County is requesting CDAA, for Governor to proclaim State of Emergency, and a Presidential Declaration. The Alpine County undersheriff will sign the proclamation and a copy will be forwarded to Cal OES. The resolution will be ratified on Tuesday, 07/20/21.

State Partners

- USFS will be hosting a coordination meeting on 07/19/21 at 1000 hours at Douglas High School, 1670 NV-88, Minden NV 89423 with all the agency partners (County CAO & BOS, State CAL FIRE). CAO invited senators.

Mandatory Evacuations

- 500 (+300) Individuals
- Alpine County EOC was evacuated and currently at East Fork Fire Protection District Office, 1694 County Road, Minden NV. Operational period is pending.
 - Approximately 400 Alpine County personnel evacuated
 - For Washoe Tribe approximately 250-300 people.
 - Sierra Pines community was approximately 100 people.
 - No one used the county's transportation via bus.

Road Closures

- Mono County: SR 89 is closed from the junction of United States Route 395 to the Mono/Alpine County Line
- Alpine County: SR 89 is closed from the junction of SR 4 to the junction of SR 88

Shelters

- Original TEP and evacuation shelter had to be relocated to the State of Nevada due to expanding evacuation orders on 07/17/21

FIRE ACTIVITY

Cal OES INLAND REGION (Continued)

Tamarack, Vegetation Fire, Alpine County (Continued)

LEMA

- Command post evacuated
- Per State Parks, the fire has expanded and the previous ICP which was located at Fire Station 91 on Hwy. 89 in the town of Woodfords, has been relocated to the following: Douglas High School, 1670 Hwy 88, Minden, NV.

Critical Infrastructure

- Power outages have impacted Markleeville and the EOC's ability to utilize the internet for email communications and public messaging via social media and the county website.
- Markleeville Water Company is a non-profit agency. As of 7/18/2021, water plant is still intact and the tanks did not burn. The power poles to the plant, however, did burn. They will need generators to run the pumps. Musser and Jarvis watershed has been impacted so they cannot treat surface water currently. Most likely this will be the case for a while. They are producing water from their two (2) wells, however. State Water Boards Division of Drinking Water has been notified. There are no requests for assistance at this time.

Missions

- Resource Request #67125 for one MIGU and one Verizon COW. (Coordinating) The mission is back on. Alpine County is planning to move back to the EOC today 07/18/21 and tomorrow 07/19/21 (approx. 0800). Now that the fire has burned passed their location, the risk is minimum and Alpine would like to try and get back to normal business. However, since their phones and internet are down, they will need the Verizon COW/COLT.
 - Cal OES TDO is working on getting the OASIS unit back out.
 - The location for the EOC will be 40 Diamond Valley Road, at the Behavior Health Building (Next to Fire Station 91).
 - Verizon is the priority. CUEA is reaching back out to Verizon to let them know the request is back on.
 - CRU MAR 4 will be taking the OASIS Swift 1 trailer back up to Alpine County in the morning on 07/18/21 and will connect with the Inland Region IDO, and some of the Alpine SO Information technology folks about connectivity.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Red Flag Warnings have been issued for much of Northern CA between Sunday morning until Monday night. With the very dry fuels, any thunderstorm has the potential to ignite new fire starts.
- Red Flag Warnings have been issued for the northern San Joaquin Valley and adjoining foothills for Sunday evening through Monday morning.
- Fire Weather Watch remains in effect for thunderstorms with abundant lightning and little rainfall across portions of interior northern California Sunday through Monday. Gusty and erratic winds are possible near any thunderstorms.
 - Best chance for thunderstorms will be Sunday night into Monday, mainly over the mountains with an isolated potential in the Valley.
 - Highest Threat is Dixie Fire in Butte County.

SOUTHERN CALIFORNIA

- Thunderstorms possible across portions of Southwest CA Sunday and Monday. Increased fire ignition risk due to lightning strikes and dry fuels.
- Flash Flood Warning for portions of San Bernardino County until Sunday evening.
- Flash Flood Watch in effect until Sunday evening for San Diego County Mountains and Riverside County Mountains.
 - Recently burned areas will be particularly susceptible to flash flooding and debris flows.

Active Weather Warnings, Watches and Advisories by County:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

07/18/21 - 07/24/21

Sunday-Monday

- Thunderstorms will increase across much of the state Sunday and Monday
 - **For northern and central California, some storms will be dry, which could lead to new lightning-caused fire starts**
 - Because of this concern, fire weather conditions are considered critical for Sunday and Monday across much of Inland and portions of Coastal Region, as well as far northern portions of Southern Region
 - Storms could also produce locally very gusty winds, further increasing the fire weather risk
 - **This is NOT expected to be a repeat of the August 2020 dry lightning event, but any dry lightning is still a significant concern because of the persistent dry conditions across the state**
 - Across much of Southern Region, these thunderstorms are expected to be wetter, and a few storms could produce heavy rainfall and local flash flooding
- Critical fire weather conditions are also expected today in northeastern California due to strong gusty winds and low relative humidity
- Low to moderate heat impacts will continue across Inland and Southern Regions, with most temperatures only a few degrees above normal for mid-July

Tuesday-Saturday

- A decrease in thunderstorm activity is expected for Tuesday and Wednesday, with any storms expected to be isolated in nature and primarily over the Sierra and Southern Region mountains
 - Additional moisture could potentially move into the state late in the week and bring more scattered coverage of showers and thunderstorms
- Fire weather conditions will remain elevated through much of the week, with dry conditions continuing in most locations and locally breezy winds possible, especially in the mountains and foothills
- Low to moderate heat risk impacts will continue across primarily inland portions of Southern Region, with a bit of a cooling trend expected for the end of the week
